my Individual Project for Wad?
Each week half a day working on the wad project. (If necessary,
longer). From home and eventually maybe on school.

Section 1: WEBSTE DESCRIPTION: NEWS WEBSITE

I am creating a news website for individual project. Before Users can go through the News website, they have to Register with some Credentials, and then login to see the contents and information publish on the Website and the Credentials are:

1.FullNames

2. Username

3.Email

4.Password

5.Zipcode

6.UserRole (Customer or users)

After these credentials provided has been registered, then they can login with their username and Password, view content contents in the website like sport, Politics, International, Regional and Business and Then give their reaction concerning each content on News article website. Also Make A subscription for daily news, which will be sent to them via emails. Here are some basic descriptions of the Users or customer Role and Also Admin who manages the News Article Website.

Section 2: BEFORE Registration

They can First all View the Introduction of the News Splash on the Website that's e.g Breaking News. Which is been Displayed on the Home Page. To get their Attention, and then create account.

Section2.1: BASIC DESCRIPTIONS FOR USERS(CUSTOMER) Functionality

1.User Can Create their Own Account by Providing Their Credentials, Like (Full Name, Username, Email, Password, Zip code and User Role)

2. After their Account has been Created, then they Can Login with their Username and Password, before they are allowed to Gain Access to the News article Website

Section 3: PROFILE PAGE

1. Users can also View Their Profile Page Information
2. And they can also Updates or Change their Profile if they want like username, password or other relevant details they want to change on the Profile Page

Section 4: USERS REVIEWS PAGE

1. After users has viewed the Contents on the News article Website.
2. Users can give their reaction on the Content they viewed. Like sport, politics, international, regional or business news.
3. Users can Also Add, Delete, Update their reviews or comment based on which content they viewed

SUBSCRIPTION

1.A user can also Subscribe for Daily or Monthly, updates of News Contents provided by the Admin.

2. By Supplying their Full name and Email, to receive mail messages via their Email Address.

3. Also subscription fees might be made in the Future, Monthly.
